RE: TENNIS COURT LOCK

Due to constant vandalism, it was necessary to install a self-locking security lock on the tennis court. This means that when you enter the court, the door will automatically lock by itself. Should you have to leave the court during a game, please be sure you have your key.

In order to obtain a key, please fill out and return the form below to the management office. ONLY ONE (1) KEY PER UNIT WILL BE ISSUED.

If you lose or misplace this key, one (1) replacement key will be issued at the cost of \$5.00.
